### **What people say about this book**

Sam, "Won't leave home without it!. This book is excellent. It is organized by symptoms. It gives you clinical pearls, resources, evidence-based recommendations, and extensive explanations. I am new to palliative care and this is a new provider's best friend."

Frances Sewell, "What a great resource. After being out of palliative care for a while, I needed a good review. This book is great! I love being able to search by symptom. Great algorithms."

Dg5476, "Great practical book for hospice care. Excellent resource.As a physician caring for hospice patients, I find this book has wealth of well organized but concise information. Very practical. Highly recommend."

Billy Byrd, "Great buy. This is very informative!"

JEmshoff, "Five Stars. An exceptional resource for the hospice and palliative care professional! I never leave home without it!!"

Saoud almarri, "Five Stars. Good"

KSWhite, "Experience-based Wisdom and Expertise. Having worked with each of these authors during my years as a hospice nurse caring for persons whose comfort required expert management of acute symptoms, I highly recommend tapping into their collective wisdom and expertise by investing in their book. I am eager to enhance my knowledge base by doing so, and look forward to sharing it with my colleagues. Thank you, Phyllis, Bridget, and Jason, for putting in words your vast experience-based knowledge! Hospice and Palliative Care has just been given a tremendous gift."
