What people say about this book

A D, "Have a bread machine flavor adventure. I want a bread machine and was looking for a cookbook that will help me make the most out of my machine. I purchased this book because the recipes are quick and tasty which means it should be easy for a beginner like me. I also love that there are dairy free and gluten free options. Two people in my family suffer from allergies and I won't have to worry about harming them. This book walks you through choosing the right bread machine, the machine cycles and settings and the process in the bread machine. A listing ingredients for the bread, walks you through different types of flour and different kinds of yeast. After reading this book I feel well prepared to tackle making my first breads. For 200 recipes I wasn't sure where to start but I decided on a dessert bread so chocolate, banana macadamia nut and peanut butter and jelly bread are my choices. I can't wait to let my family try my new creations."

jon s., "For the bread lovers. Learn how your beard machine works, all the different flours and yeast. There is something for everyone in this cookbook, from regular bread, keto, vegan and gluten free. Makes all your favorite, and you just might find a new favorite."
